It's the voice festival it was born to
celebrate the power of storytelling as the
fulcrum of a contemporary transformation:
radio, poetry, singing, reading, acting,
information are all sound boxes that
express what we are and what we will
become. 'Biglietti agli amici' is also a play
by Pier Vittorio Tondelli, where literature
followed the people it wanted to say
something to: Tondelli and Rimini, once
again. Rimini and the freedom of express
oneself, once again. A festival that speaks
about and tells us - through meetings and
performances by great artists, with the
lightness of their voices and the wonder of
a confession - how we are.
